## The Beach is Our Playground - But Please Be Safe.

We want you to enjoy all the things the beach has to offer, but please be safe. One rule of beach safety is to stay off logs. Tides and undertow can make a large log flip or turn and cause serious injury. So when on the beach, play it safe - stay off the logs. Storm watching is a great beach activity, too. So when storms approach, watch as they come across the sea; but do it from a safe place.
