Take a Bite Out of Lincoln City

Lincoln City, OR - The Culinary Center in Lincoln City has cooked up something special for your viewing pleasure. Explore Lincoln City is proud to unveil the new Beachside Bites television series to the world.

Hosted by Culinary Center Manager Donna Riani, Beachside Bites is a 12-episode series where each episode highlights a signature dish from a Lincoln City culinary attraction. Within each episode, Donna invites a guest chef to the Culinary Center, where they demonstrate to a live studio audience how to make a signature dish from the establishment.

"The Culinary Center's mission is to support and promote the local food scene," says Donna Riani. "One of the fun ways we get to do that is with our show Beachside Bites. We get to bring everyone a behind the scenes look at some of our local restaurants and shine a spotlight on what they do and who they are."

Restaurants featured in the first season of Beachside Bites are Barnacle Bill's Seafood Market, Olde Line Lanes & Kitchen and the Bay House. Learn how to make a delicious smoked salmon spread using local-caught salmon from Barnacle Bills Seafood Market. Or, discover how to make the best fried chicken from Olde Line Lanes & Kitchen. Let each episode take you on a culinary adventure through Lincoln City.

The first episode of Beachside Bites, featuring Barnacle Bill's Seafood Market, can be viewed by visiting CulinaryCenterLincolnCity.com or on the Culinary Center's Facebook page at [Facebook.com/CulinaryCenterinLincolnCity](https://www.facebook.com/CulinaryCenterinLincolnCity).
